

2018 PREA Annual Report

Cherokee County Sheriff's Office

BACKGROUND:

The Prison Rape Elimination Act (PREA) was unanimously passed by Congress and signed into law by President George H.W. Bush in 2003, becoming the first federal legislation to address the issue of sexual assault in a correctional setting. On June 20, 2012, the Department of Justice (DOJ) published national standards developed by the National Prison Rape Elimination Commission to enforce the detection, prevention, reduction, and punishment of prison/jail sexual assault and misconduct. The Act applies to adult prisons and jails, juvenile facilities, police lock-ups, and community residential facilities.

Implementation of these PREA standards in a correctional setting is contingent upon effective agency and facility leadership, and the development of an agency's principles to prioritize their efforts to combat sexual abuse. The Cherokee Sheriff's Office has a Zero Tolerance policy on all issues pertaining to sexual abuse and sexual harassment involving inmates and/or staff. The Cherokee County Adult Detention Center complies with all applicable components of the Prison Rape Elimination Act of 2003.

OUR APPROACH:

The Cherokee County Adult Detention Center has long supported the principles associated with PREA. Mandatory annual sexual misconduct and sexual harassment staff training specific to the prevention, identification, reporting, and handling of inmate sexual misconduct/sexual assault, including common indicators of misconduct has been conducted since 2009. Other efforts have included the continuous annual revision of policy as it relates to sexual abuse and misconduct to ensure compliance with legal and accreditation standards.

Our PREA Coordinator and Accreditation Administrative Assistant maintain a substantial responsibility to ensure compliance with PREA standards by continual development of policies, implementation, training, and constant review of PREA policies and procedures. A Sexual Abuse Reporting Hotline was implemented to ensure there is an independent outlet for inmates to report incidents of sexual abuse while ensuring anonymity. The ADC also entered into a Memorandum of Understanding with LiveSafe Resource Inc. to provide incarcerated victims of sexual abuse appropriate victim advocate support, rape crisis counseling, and forensic exams. A Sexual Predator and Possible Victimization Screening Form is always conducted during the initial intake of all incoming inmates by trained corrections personnel to ensure proper assessment, housing, and classification status. Video monitoring systems are consistently updated and reviewed for "blind-spots" and every deputy assigned to the ADC has a body camera system.

2018 YEARLY ALLEGATION TRACKING COMPARISON REPORT:

Pursuant to PREA standard 115.87, data is collected, aggregated, and reviewed regarding all reports of sexual abuse incidents in order to assess and improve the effectiveness of our sexual abuse prevention, detection, and response policies and practices. These statistics are published in an annual report and made public on the Cherokee Sheriff's Office website as mandated by the PREA standard 115.88.

In compliance with the standard, the statistics below detail the incidents of sexual abuse from January 1, 2018 to December 31, 2018, and include the following: (1) Cherokee Sheriff's Office Definitions; (2) Findings of reported incidents of sexual abuse; and (3) Corrective Actions.

DEFINITIONS:

Once a report of sexual abuse has been initiated and investigated, the incident is assigned a number and entered into a database maintained by the PREA coordinator. The incident will be classified using one of the following findings:

- 1) **SUSTAINED/SUBSTANTIATED** – allegation is supported by sufficient evidence to justify a reasonable conclusion of guilt.
- 2) **NOT SUSTAINED/UNSUBSTANTIATED** – insufficient evidence to either prove or disprove the allegation.
- 3) **UNFOUNDED** – allegation is false or the action after investigation was found to not have occurred.

PREA Standard 115.6 specifically defines sexual abuse in terms of inmate-on-inmate, staff-on-inmate, inmate-on-staff, along with sexual harassment and voyeurism. The Cherokee Sheriff's Office utilizes the following PREA definitions:

SEXUAL ABUSE REPORT ACTIVITY:

Inmates may confidentially disclose incidents of sexual abuse and sexual harassment to any Sheriff’s Office employee either verbally or through an inmate kiosk. This process allows for confidential reporting by inmates 24 hours per days, 7 days per week. The administrative investigation shall be completed no later than 90 days of the initial filing of the complaint or grievance; or within 5 days of filing an emergency grievance. Only after a full investigation, are incidents categorized as either a PREA violation or not (i.e. consensual, but unauthorized sexual activity that may be a rule violation, rather than a PREA violation).

EFFECTIVENESS OF PREA EFFORTS:

Thorough and systemic investigations of sexual victimization are conducted by the Cherokee Sheriff’s Office. All investigations incorporate current incident review criteria pursuant with PREA standard 115. 86.

In comparison to previous years, the numbers have decreased in inmate-on-inmate and inmate-on-staff events. Analyzing this data, it is clear we continue to have a reporting culture here from both staff and inmates. Everyone is being held accountable. Notifications are being made and investigations are being followed through.

Several error submissions in the PREA category continue but have decreased from last year's numbers. Many inmates were instructed how to use the kiosk after submitting a PREA category erroneously. A second error did not become an issue after this instruction. Training newly incoming inmates on the new kiosk system continues in the intake process.

In 2018, Cherokee Sheriff's Office Policy 03-02-11 Prison Rape Elimination Act was reviewed and changes were made to prepare for the upcoming American Correctional Association Accreditation Standards (ACA) audit. The Adult Detention Center's Policy 08-05-09 Sexual Assault and Misconduct of Inmates was also reviewed and revisions were made to appropriately address several ACA standards regarding sexual assault investigations, incident reviews, and staff training. All investigators with the Criminal Investigations Division who respond to PREA allegations were recertified this year with that National Institute of Corrections in a mandatory training course called, "Investigating Sexual Assault in a Confinement Setting." This course ensures all investigators follow proper protocol and PREA standards in a uniform manner.

No physical barriers were identified in the facility and adequate staffing levels were noted on all shift rotations. The Adult Detention Center continues to use a multi-disciplinary Sexual Abuse Incident Review Board including members of the Criminal Investigation Division, Mental Health Department, Medical Director, Jail Administration, Accreditation, Health Services Administrator, Classification Manager, Jail Programs Manager, Jail Shift Supervisors and any other pertinent personnel.

The Cherokee Sheriff's Office Training Division continues our mandatory PREA training in New Hire Orientation for a 2-hour block of instruction and an annual in-service was conducted for another 2-hour block of instruction before the end of the year in September of 2018 by Jail Instructors. We continue to issue regular training briefs over PowerDMS (our internet policy database) and in person during roll call briefing sessions. Our current training goals are to improve current inmate handling processes regarding transgender and intersex inmate identification, classification, and searches.

The Cherokee Sheriff's Office will ensure appropriate changes to policies and practices are made when necessary to ensure a safe and secure environment for inmates, staff, and the community.

Conclusion:

The Cherokee County Adult Detention Center proudly continues our PREA compliance and certification. We maintain a strong commitment to complying with all PREA standards, keeping inmates safe, and maintaining zero tolerance for all forms of sexual abuse and sexual harassment within our facility.
